Objective

Motivated Information Science and Engineering student with a strong foundation in programming, web development, and computer science fundamentals. Passionate about building scalable software solutions and applying technical knowledge to solve real-world problems. Seeking opportunities to enhance my skills through challenging projects and collaborative environments.

Education

Nitte Meenakshi Institute of Technology (NMIT), Bengaluru B.E. in Information Science & Engineering CGPA: 9.34/10	Aug 2023 – Present
Vivekananda PU College, Puttur Class XII (PCMB) – 92.8%	2023
Kumaraswamy Vidyalaya, Subrahmanya Class X – 98.4%	2021

Technical Skills

Languages: C, C++, Java, Python

Web Technologies: HTML, CSS, JavaScript, React.js, Node.js, Express.js

Databases: MongoDB, MySQL

Tools: Git, GitHub, VS Code, Postman

Core CS: Data Structures & Algorithms, DBMS, Operating Systems, Computer Networks, OOP

Projects

JobSphere – Full Stack Job Portal *MongoDB, Express.js, React.js, Node.js*

- Developed a full-stack job portal using the MERN Stack.
- Implemented secure JWT-based authentication with role-based access for students and recruiters.
- Built features including job posting, job search, job applications, resume upload, and recruiter dashboard.
- Designed responsive user interfaces and developed RESTful APIs for seamless communication between frontend and backend.

Fraud Detection in Transactions *Machine Learning*

- Built a machine learning-based fraud detection system using classification algorithms.
- Performed data preprocessing, feature engineering, and model training to improve prediction accuracy.
- Evaluated model performance using Precision, Recall, and F1-score.

Online Food Order Page *Express.js, MySQL*

- Developed a responsive food ordering web application with backend functionality using Express.js.
- Integrated MySQL for efficient storage and retrieval of user and order data.

Certifications

- Database and SQL – Infosys Springboard
- Networking Basics – Cisco Networking Academy
- Algorithmic Thinking – Coursera
- OOP with C++ – Infosys Springboard

Achievements

- Participated in the **Smart India Hackathon (SIH)**, collaborating in a team to develop an innovative technology-based solution.
